WHY BAUTRI RESCUE

- **Props already on board** — for EN 1065 standard or equivalent aluminium adjustable props. No special equipment.
- **Free-standing, no guying** — telescopic props level out uneven ground.
- **Cost-efficient & quickly ready** — minimal training, ideal for small units.
- **DEKRA-tested** — Notified Body 0158 · EU type-examination certificates ZP/B081/25 R1 & ZP/C029/25 R1.

THIS IS THE SYSTEM

Head plate + 3 base elements

Compact, rugged steel adapter set — mounted onto on-site standard props to form a load-bearing tripod.
